September 5-9, 2022 on the basis of the oldest marine biological scientific institution in Russia – the Federal State Budgetary Institution of Science of the Federal Research Center “A.O. Kovalevsky Institute of Biology of Southern Seas RAS” (Sevastopol) will host the II International Scientific and Practical Conference “STUDY OF AQUATIC AND TERRESTRIAL ECOSYSTEMS: HISTORY AND MODERNITY”.

The conference invites scientists, teachers, graduate students and students of research institutes, higher educational institutions, as well as representatives of state authorities and local governments, relevant ministries and departments, business structures and public organizations interested in the development of scientific research and practical implementation of their results.

Aims of the conference:

- presentation of the results of fundamental and applied scientific research in the field of studying aquatic and terrestrial ecosystems in Russia and abroad;
- discussion of prospects for the rational use and protection of biological resources;
- professional development of young specialists working in scientific and educational institutions.

The scientific programme of the conference includes oral and poster presentations in the following areas of sectional work:

- Biodiversity of aquatic and terrestrial ecosystems and its conservation
- Structure, functioning and dynamics of aquatic and terrestrial ecosystems
- Ecological microbiology and algology
- Physiology and Biochemistry of adaptation processes of hydrobionts
- Molecular biology and genetics of hydrobionts
- Problems of aquatic pollution and marine radio-chemoecology
- Biological resources, biotechnology and aquaculture
- Sustainable development of coastal zones

Within the framework of the conference, it is planned to hold round tables, seminars, a workshop for students, graduate students and young scientists.

Proposals for the formation of additional sections of scientific reports, programmes of round tables, seminars and workshops (with justification for the need to consider the proposed problem), please send to the Organizing Committee: [conf@ibss-ras.ru](mailto:conf@ibss-ras.ru)

Form of the conference: mixed format – personal participation and remote participation, which will be carried out using the Trueconf, Skype, Zoom online platforms.

Forms of reports: oral (plenary and sectional) and poster.

Conference working languages: Russian and English.

As a result of the conference, a collection of abstracts will be published with the assignment of the ISBN and DOI code. The electronic collection of conference materials will be posted on the conference website, in the open access repository of the IBSS: <https://repository.marine-research.org>, as well as in the national bibliographic database of scientific citation of the RSCI.
